CURRENT DIABETES REPORTS

EDITOR-IN-CHIEF Edward S. Horton

2010

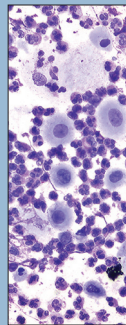

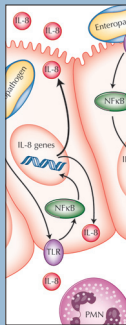

FEATURED SECTIONS

AVAILABLE ONLINE AND IN FULL COLOR

- Six bimonthly issues
- 80% clinical / 20% basic science content
- 60-70 articles per year
- Annotated references
- Clinical trial reports

Table 2. Conventional and emerging therapies

Treatment	Indications
Oral agents	
SR vs IR oral morphine	In randomized controlled morphine for SR and IR
Efficacious morphine	4 hours and SR morphine in the acute setting, 0.27, 0.4, 0.4 mg/kg
Subacute release oxycodone	This uncontrolled, open-label, SR oxycodone medication
IR hydromorphone	This uncontrolled, open-label, SR hydromorphone medication
Chol metabolism	In this uncontrolled, open-label, SR and IR
IV agents	
TD fentanyl	These open-label studies are needed for fentanyl
TD hydromorphone	In a randomized, controlled, fentanyl hydromorphone medication use of patients receiving ≤ 1 BTP receive doses
IV agents	
IR morphine	In two open-label studies of IR morphine administration, SR morphine vs IR morphine for IR
IV hydromorphone	In this uncontrolled, open-label, SR and IR
SC agents	
SC hydromorphone vs SC morphine	In a randomized, controlled analysis for IR morphine, SC hydromorphone vs SC morphine
SC morphine, SC hydromorphone, and SC fentanyl	In a randomized, controlled analysis for IR morphine, SC hydromorphone vs SC morphine, SC fentanyl, efficacy vs

VOLUME 10 | ISSUE 1 | FEBRUARY 2010

- **Macrovascular Complications in Diabetes**
- **Hypertension**

VOLUME 10 | ISSUE 2 | APRIL 2010

- **Pharmacologic Treatment of Type 2 Diabetes Mellitus and Obesity**
- **Issues in the Nutritional Treatment of Type 2 Diabetes Mellitus and Obesity**

VOLUME 10 | ISSUE 3 | JUNE 2010

- **Pathogenesis of Type 2 Diabetes Mellitus**
- **Insulin Resistance Syndrome, Including Polycystic Ovary Syndrome**

VOLUME 10 | ISSUE 4 | AUGUST 2010

- **Microvascular Complications-Retinopathy**
- **Microvascular Complications-Neuropathy**

VOLUME 10 | ISSUE 5 | OCTOBER 2010

- **Transplantation**
- **Pathogenesis and Treatment of Type 1 Diabetes Mellitus**

VOLUME 10 | ISSUE 6 | DECEMBER 2010

- **Psychosocial Aspects**
- **Genetics**
